- 5) We provide PT and yoga classes to our students.
- 6) CCTV is provided in every classroom and playground .
- 7) We provide RO drinking water to our students .
- 8) Canteen is available for the recreation of the students .
- 9) Well qualified and experienced teachers for all the subjects are provided.

## **Vision:**

Our vision aligns with shifts in the global economy, society, and environment, which animates our mission and our values:

- 1) Creativity, innovation, and a desire to challenge the status quo will affect what and how we teach and the intellectual ambitions of the school itself.
- 2) Social engagement should orient students' academic experiences to help them become critically engaged citizens, dedicated to solving problems and contributing to the public good.
- 3) Our school must embrace these principles and innovate to address shifts in the global economy, society, and environment that require individuals to grapple with complex problems, pursue more fluid and flexible career pathways, and collaboratively create change.

## **Mission:**

Ours School prepares students to understand, contribute to, and succeed in a rapidly changing society, thus making the world a better and more just place. We will ensure that our students develop both the skills that a sound education provides and the competencies essential for success and leadership in the emerging creative economy. We will also lead in generating practical and theoretical knowledge that enables people to better understand our world and improve conditions for local and global communities.

## **Educational Approach:**

We will fulfill our mission by extending our school legacy as a nontraditional school and community, nimble and responsive to change, that:

- 1) Focuses on and engages with critical contemporary issues
- 2) Prioritizes humanity and culture in designing systems and environments to improve the human condition, an approach that draws on design thinking and the liberal, creative, and performing arts
- 3) Places collaborative, project-based learning at the center of the educational experience
